Personal Mention

Rev. G. B. Hall called Monday with his Subscription to 1918 and will read his own paper as usual and criticize it as he chooses as will be his right. He has been doing this continually since March 1913. He is running a header this week on a fine wheat crop.

Ernest Cochrane called Monday to get a smell of printers ink again. He reports no hail but a good raid Sunday night and anticipates a thousand pounds to the acre of beans this fall.

J. H. Rhyne, and family will read the S-A. the rest of the year on Route 1.

Rev. Hearn, orders the S-A. sent to his father-in-law, at Cheat Haven, Pennsylvania, while Mrs. Hearn is visiting there.

Mrs. Fd. Lombard, and daughter, Janie, of Mills were guests of Mrs. Alex. Holmes this week. They will join Mr. Lombard in Oklahoma and go with him to their future home in Aankansas.

Henry Farr has harvested 80 acres of his wheat that looks like better than ten bushels per acre. He bought the half section it grew on for \$5.00 per acre last year. The wheat from 80 acres will pay for it. He has over a hundred acres more that is as good or better.

T. R. Pint has his wheat on the Ray place in stack. It will net him somewhere between \$30.00 and \$50.00 per acre. He bought this farm with the best improvements in the neighborhood and the wheat up ready for winter pasture for \$15.00 per acre.

Casey White and C. W. Knotts drove down Friday in the latter's car and ordered sale bills for a lot of property of the latter at "Casey's" farm near Mills, for Aug. 9th, some good cattle and horses will be sold. See later issue or bills.

A Mr. Thompson drove down from Springer Friday and canvassed this town in the interest of a new Catholic publication which is being started in Colorado to counteract the influence of the Menace and other radical publications antagonistic to the elder church. He seems a good sort and found many friends here.

Stock Market

With much lighter receipts of cattle this week than expected we had a rattling good market. The dry weather stock from Texas was scarce, the bulk of the run being grassers from the Southwest and Kansas pastures. The feature of the trade all this week was the strong demand for the medium and low priced steers with the tops selling up to \$13.50. All other classes of killing steers show an advance of 25 of 50 cents over last week's close and a good demand for them at the prices.

Today with 3,000 hogs the market ruled slow and generally steady. The top of 15.80 was paid for three cars of Nebraska hogs averaging a little better than 260.
